New York Stock Market

New October 11.—A spirited bidding up of prices in the last half hour of trading on the Stock Exchange to-day carried quotations to a point well above the mail range of the previous day. The movement was the only one of importance in what was otherwise a listless day, during which the market manifested no dennite tendency in either direction. Union Pacific, Southern Pacific, Lehigh Valley, Northern Pacific, American Smeiling and American Beet Sugar rose to a point or more above yesterday's close on the upturn, and Reading, which had been the conspicuously weak figure of the market, recovered its loss. Profit-taking sales just before the close reduced the gains somewhat.

Concentrated selling of Reading sent it down from 137 to 155 5-8, less than two points above its low level of the year. The stock fluctuated irregularly throughout the day. Although the general market offered effective resistance to this influence. Reading's unsettlement millitated against any extended improvement in prices. Trading was moderately active at the outset, but the demand was limited largety to requirements for short covering. Buying of this nature soon diminished, and the market remained in a stagnant condition until near the close. The upward movement at the cand was attributed to the closing out of short contracts on account of the holiday to-morrow. Reading's weakness, while asociated with the progress of the anthracite circ defore the Supreme Court, probably was due chiefly to pressure by operators who have axeen persistently bearish in this stock for several days. United States Steel was still under pressure. In the late upturn it rose less proportionately than other market leaders, and it was the first to yield when profit.

Bonds were strong. Total sales, par value, \$5,710,000. United States bonds unchanged or call. Total sales of stocks, 331,100.

New York, October 11.—Money on call steady, 2 1-4@2 1-2; ruling rate, 2 1-4; closing bid, 2 1-4; offered at 23-8. Time loans casy, Sixty days, 3 3-4; ninety days, 3 1-2@3 3-4; six months, 2 3-4@4. Prime mercantile paper 4 3-4. Sterling exchange firm, with actual business in bankers' bills at \$4.8315 for sixty-day oills, and at \$4.8536@\$4.8535 for demand. Commercial bills, \$4.82 1-2. Bar silver, 52 5-8. Mexican dollars, 45.

stock for several days. United States Steel was still under pressure. In the late upturn it rose less proportionate, ly than other market leaders, and it was the first to yield when profittaking sales were begun. Despite the denial of the Attorney-General that a suit against the United States Steel Corporation has been prepared and the statement of the corporations heads that its perations were within the law, there exists a widespread feeling that the government sooner or later will endeavor to establish more clearly the status of the largest combination in the country. In the meantime the sharesdo not sow resiliency. The demand for bonds continues to broaden, which is regarded as one of the most hopeful signs of the present situation. American Tobacco 4 per cent, bonds rose to 90, their highest price for the movement, which represented a gain of 15-8. Buying of these bonds was stimusated by reports that the plan of reorganization had been changed in such a way as to benefit holders of these bonds was stimusated by reports that the plan of reorganization had been changed in such a way as to benefit holders of these securities.

The tone of foreign markets was more cheerful, owing to the present lenders were again in important factor. American the plan of reorganization had been changed in such a way as to benefit holders of these securities.

The tone of foreign markets was more cheerful, owing to the progress in the Moroccan negotiations. The foreign exchange market was somewhat affected by remittances by banks and trust companies to London and Berlin, in which markets American lenders were again in important factor, American the plan of commercial bills originating on this tide, which was all years of the progress in the Moroccan negotiations. The foreign markets, but which now are being carried with American money, it is estimated by some international bankers.

Bonds were strong. Total sales, par value, \$5,110,000. from Liverpool concerning European trade conditions, the close being at a net decline of 2017 points. Witness Says Under Old System

Milwaukee, Wis., October 11.-Political evil in Wisconsin began with the advent of the primaries as a means of nomination of the public officials, according to Levi H. Bancreft, atterney-general of the State, who testified to-day before the sensitial committee which is investigating the election of United States Sension leaves Sension for Sension leaves the se of United States Senator Issue Stephenson. Bancroft was called to explain what he did with 1500 which was paid him out of the \$107.50 Stephenson campaign fund. He declared that the money paid him while he was a candidate for assemblyman was not used to further his own interest, but was expended entirely in Senator Stephenson's behalf while the latter was recking nomination for the senatorship at the primaries in 1908. Referring to the fact that Senator Stephenson falled to make a detailed account of his expenditures other than that certain sums were paid to individuals. Bancroft said it was his opinion that the corrupt practices act did not require a detailed account of what each man spent.

"We never had talk of ceruption in this State before," said Buncroft. "It all came about since we got the primaries, and now there is nothing but political evil,"

As for the money he had received, Bancroft said he spent it as fast as possible, for he was glad to be rid of it.

"You never heard of any money being used corruptly in the election of M. Ste. United States Senator Isanc Stephenso

"You never heard of any money being used corruptly in the election of Mr. Stephenson?" asked Chairman Heyburn.
"Never a cent. Senator Stephenson always was considered above investigation in this State until he got into the United States

Suit for Infringement on Armor Plate Patents Decided Adversely.

Adversely.

Atlantic Coast Line

Philadeiphia, October 11.—A decision of world-wide importance was handed down by the United States Circuit Court of April (Court of April (Co

United states to keep up the price of armor plate.

The Midvale Steel Company became a successful lower bidder for government contracts and little has since been heard of alleted combinations in this respect. It is said that middle the Midvale Company lost its suits it might have been shut out from successfully bidding against the concerns holding lifeness to manufacture armor plate on the Krupp process of manufacturing armor plate on a process of improving the quality of vicel armoroess of improving the quality of vicel armoroess of improving the quality of vicel armorous plates, on a process of manufacturing armor plate. The court takes manufacturing armorous a process of improving the quality of vicel armorous armorous and declares that the fifth faint plate is considered as the fifth faint plate is considered in the manufacture of armor plate is considered to propose the proving the quality of steel armor plates is void, as the deal of the plate of the proving the quality of steel armorous plates is void, as if does not involve invention. On the other two patenis the court declares there was an infringement.

It could not be learned here to-night whether the German corporation will take whether the German corporation.

It could not be learned here to-night whether the German corporation will take the case to the Supreme Court of the United States. The suit was begun in 1906.

GROOMS PROFFIT

Parsons Believes That This Time Republican Will Get Coveted Seat.

[Special to The Times-Dispatch.] Washington, D. C., October 11,— John M. Parsons, who contested the seat of Congressman Saunders last scat of Congressman Saunders last year, may not be a prophet, but he professes to be able to name the next member of the House from the Fifth Virginia District, and the name of that man, he says, will be Joseph Proffitt, a brother of Green Proffitt, well known in Virginia Republican politics, Mr. Parsons spent the day in Washington and went to New York to-night on some important business matters While in Washington he found time to discuss the political situation in the Ffth Dstrict. Upon being asked if any effort would be made by the Republicans to get Judge Saunders's seat next year, he replied that Mr. Proffitt probably would be the man to make the race. He is confident that with the experience gained in the contest with Judge Saunders, a much better showing will be made by the Republicans in that district next year.

HEMPHILL SPEAKS TO STUDENTS AT WASHINGTON AND LEE

[Special to The Times-Dispatch.]
Lexington, Va., October 11.—Major
J. C. Hemphill, of the Richmond TimesDispatch, addressed the October convocation at Washington and Lee University to-day. He was introduced
by President Denny, who took occasion to say that the two most distinguished men in Southern journalism
to-day are Colonel Watterson, of the
Louisville Courier-Journal, and Major
Hemphill.
Major Hemphill prefered his address.

Louisville Courier-Journal, and Major Hemphill.

Major Hemphill prefaced his address with complimentary references to President Denny. He said that in a conversation with President Denny, in Richmond, with reference to his acceptance of the presidency of the University of Alabama, he advised president Denny to remain in Lexington, where everybody wanted him to stay, But as Dr. Denny had decided to remove to Alabama, he expressed the wish that even greater success might attend his efforts.

Major Hemphill's address to the young men was a helpful presentation of facts and figures demanded of college men who hope to win a worthy place in the world.
